Features

STS Panel

Track formed from strong galvanized steel, paired with durable, long-wearing steel rollers ensures smooth, quiet operation.

Authentic woodgrain texture on the door's exterior adds visual appeal.

- 1 Vinyl thermal break between interior and exterior skins.
- 2 Section joint seal to prevent weather infiltration.

Bottom vinyl weather seal runs the length of the door to help protect your garage from the elements.

S/SI Panel

Track formed from strong galvanized steel, paired with durable, long-wearing steel rollers ensures smooth, quiet operation.

Strong, roll-formed tongue-and-groove meeting rails seal out wind, rain, and snow, keeping your garage dry and secure.

An optional (Canton SI) energy-saving core of polystyrene insulation provides added comfort and helps keep your garage quieter.

Bottom vinyl weather seal runs the length of the door to help protect your garage from the elements.

2" Thick Door Sections

Door sections are constructed from high-strength, rust-resistant galvanized steel coated with a baked-on polyester paint finish, ensuring a durable and long-lasting door.
